WHY THIS EXISTS

going online is **five jobs.**
we make it one.

most founders don't lose to competitors. they lose months to vendors, plugins and half-finished websites. here's the swap.

~~hire a designer, then a developer, then hope they talk~~

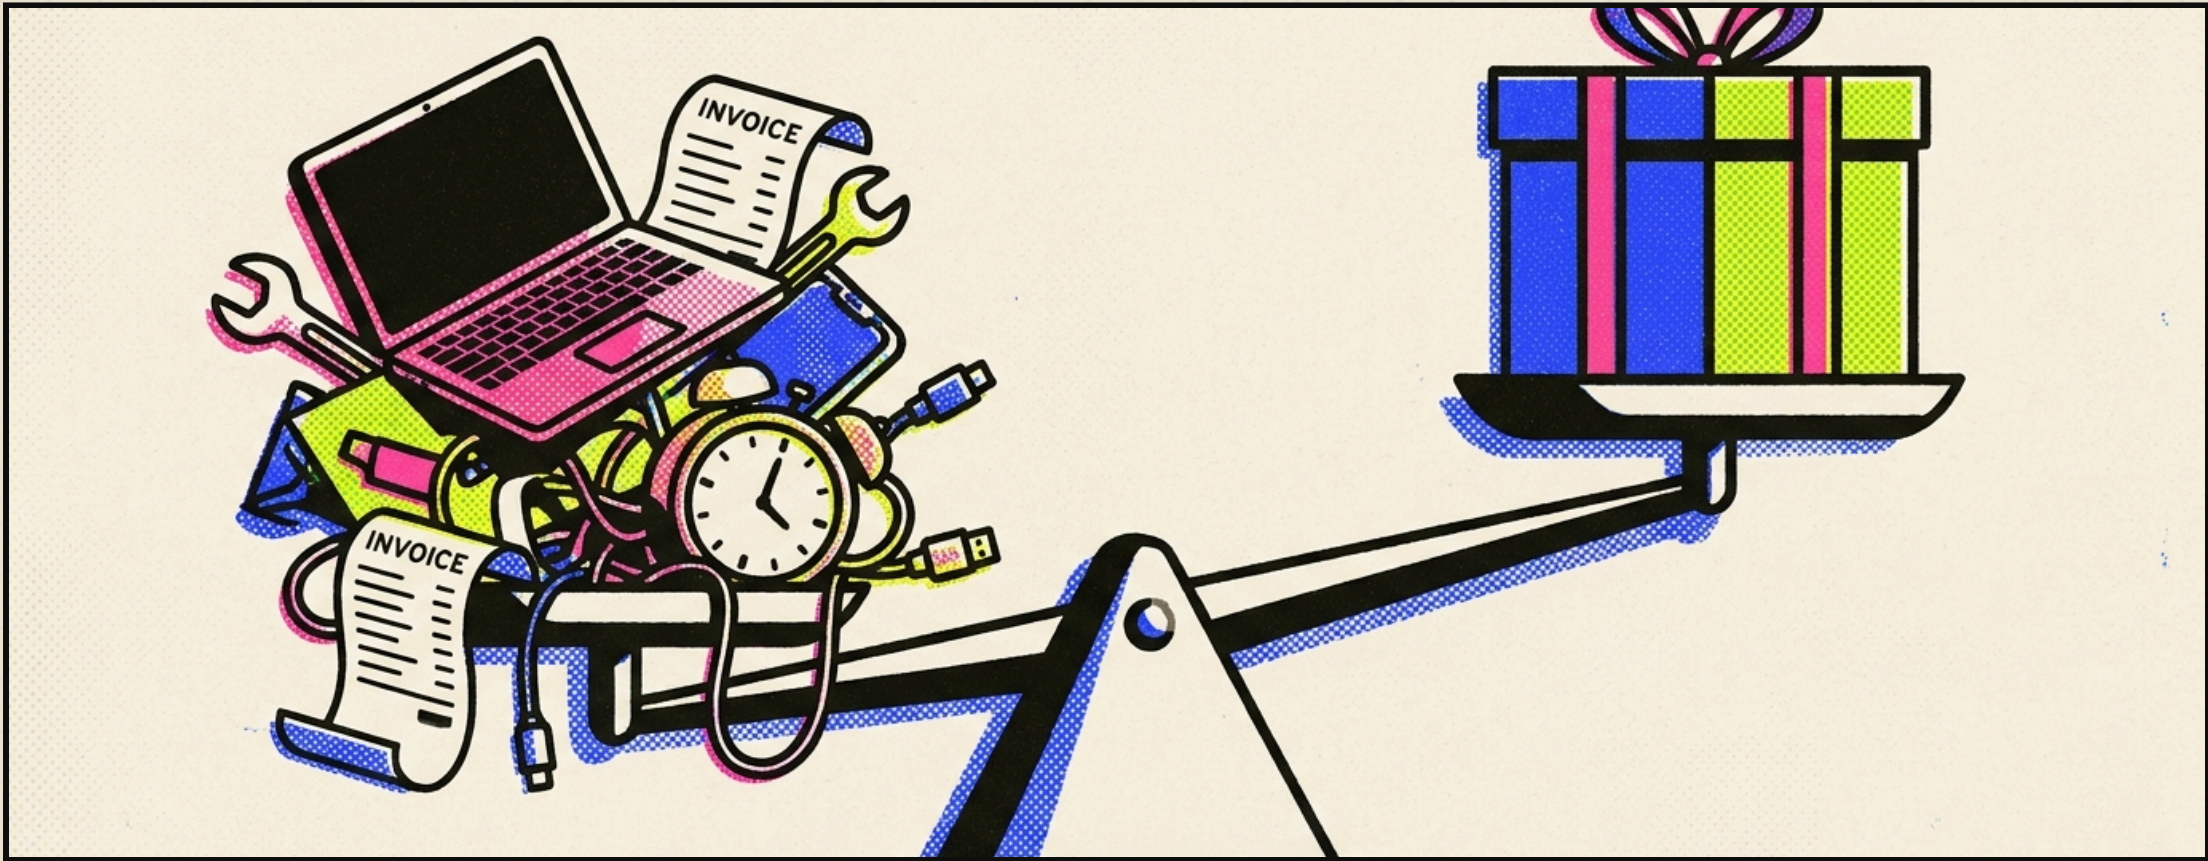

~~buy hosting, SSL, a theme and six plugins~~

~~learn a page builder on your weekends~~

~~site breaks, developer stops replying~~

~~SEO and ads bolted on a year too late~~

- one studio, one point of contact
- everything included in the plan
- we build it, you approve it
- WhatsApp support that answers
- built in from day one

the whole point: you make one decision — pick a plan — and your store goes live.

WHAT YOU ACTUALLY GET

everything to launch & grow – under *one roof*.

02 – YOUR STORE

onboarding, with humans

every plan includes hands-on setup from our team – not a login and a help-centre link.

you go live. then we help you market it — SEO, ads, WhatsApp — and keep the site maintained all year.

want the full detail?

ask for the supershowroom Plans & Pricing guide — every line item.

THE MATHS

what this would otherwise cost.

assembling the same thing yourself means five vendors, five invoices and a year of chasing. here's roughly what that runs in year one.

PIECING IT TOGETHER YOURSELF

designer + developer (one-time)	₹40k - 1,50k
domain, hosting & SSL	₹8k - 15k
ecommerce platform & plugins	₹12k - 30k
SEO setup	₹15k - 40k
maintenance & fixes	₹20k - 50k

year one ₹95k – 2.85L

...plus your time coordinating all five, and the risk any one of them disappears.

SUPERSHOWROOM PRO – ALL OF IT

- ✓ design & development
- ✓ domain, hosting & SSL
- ✓ full ecommerce stack
- ✓ SEO & marketing setup
- ✓ support & maintenance all year

plan fee, year one ₹25,000

+ 2% of what you sell

one team. one number to call. the 2% only costs you when you're actually selling.

YEAR-ONE COST, TO SCALE

doing it yourself

₹95,000 - ₹2,85,000

supershowroom Pro
at ₹1L/month sales

₹49,000

bar widths are proportional to the upper end of each range. Pro shown as the ₹25,000 plan fee plus 2% on ₹12L of annual sales. all figures exclude GST at 18%, which applies either way.

THE 2%, IN REAL NUMBERS – ON THE PRO PLAN

your monthly sales	platform fee / month	your total for the year
₹50,000	₹1,000	₹37,000
₹1,00,000	₹2,000	₹49,000
₹2,00,000	₹4,000	₹73,000

billed monthly against orders recorded in your store – a slow month costs you less. we send the calculation, then an invoice with a payment link, due in 7 days. figures exclude GST. plan fee steps up 10% at each renewal: Pro is ₹25,000, then ₹27,500, then ₹30,250.

priced three years ahead

the plan fee steps up 10% a year – written down from day one. no other increases, and you can leave at any renewal.

two numbers, plus GST

the plan fee and the 2%. add-ons priced up front, in writing.

no rebuilds

upgrade tiers without starting over.
